

December 12, 2011

Dear Scott,

The EXO-500 has been named no. 3 on MPN's 2011 Top Products: Best of the Web list. Congratulations to you and the entire Scorpion Sports team!

Your product will be featured prominently as part of the 25 Best of The Web in the January issue of MPN Magazine.

The rankings were determined by MPN's website visitors, who voted with their clicks by viewing your product online at www.motorcyclepowersportsnews.com.

In 2012, we encourage you to continue submitting your product releases for inclusion in MPN. With 47% more target audience print circulation than our nearest competitor, we've got the reach to deliver your product message to the decision-makers at powersports dealerships across the country.

On behalf of the entire MPN team, I'd like to present you with this award to commemorate your Top Product ranking, and I'd be happy to discuss new ways to help Scorpion Sports reach powersports dealers in 2012.

Congratulations!
